additional information

Our Extra-Curricular Programme is growing all the time and includes a wealth of different extra-curricular activities for all students before school, during break and lunch times, after school and during school holidays. All activities are led by school staff and/or fully qualified, CRB checked external providers (coaches, instructors and teachers).

We also offer a programme of activities for parents and carers. These include workshops aimed at supporting your child throughout their schooling, adult education classes in Modern Foreign Languages, as well as social and fundraising events throughout the year run by the Parents and Friends (PaF) of Hove Park School. For further information contact the school office.

Hove Park works in partnership with a host of different services in our local community to provide your children with a range of additional opportunities. We aim to ensure we are supporting our students remain healthy, stay safe, achieve, make positive contributions and enjoy their school life.
